

KIOSK

Main functionalities

- Self-registration with picture
- Survey (ask questions)
- Language choice
- Digital disclaimer
- Printed disclaimer
- Linked to member cards
- Online self-registration (additional component needed)

Thanks to the Kiosk module, you will greatly expand your customer database!

This self-registration software will make your customers your members. They simply fill out their details on a touch screen: e-mail address, phone number, birthday, etc. All this information will be more than useful to develop your center and to increase your revenue. It can also take a picture to be entered in the system.

MORE POSSIBILITIES WITH...

- Point of Sale to set up the membership system and make your people flow smoother
